Let Thy beauty flower in all things, awaken Thy love in all hearts,  
so that Thy eternally progressive order may be realised upon earth...

GRANT that everything in us may collaborate in  
Thy work and all be ready for Thy realisation.  
Glory to Thee, O Lord, Supreme Master of all realisation.

*The Mother*

2024 is the year consecrated to the  
anniversary of The Supramental  
Consciousness manifesting upon earth  
(29<sup>th</sup> February 1956).

Let these flowers chosen be our  
guide to awaken more and more to  
this New Consciousness.

Day by day, month by month  
let us by ourselves and all together  
work to establish something of its  
Joy, Beauty and Truth.
